Response to Amendment

The amendment filed 10 April 2006 has been entered. Also the search report included in applicants arguments has been considered.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Edens et al. (US 6,368,595) in view of O'Halloran et al. (US 2003/0086954 received benefit of provisional application date) for the reasons set forth in the office action mailed 03/16/2006.

Applicant's arguments filed 04/10/2006 have been fully considered but they are not persuasive.

Applicant asserts that neither Edens or O'Halloran discloses the use of RapiThix ingredient.

The relevance of this assertion is unclear. Clearly neither the Edens nor O'Halloran patents claim RapiThix in their claims but their claims meet all of the limitations claimed by applicants when combined, therefore the rejection from the previous office action still stands.

Art Unit: 1618

Claims 1-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Edens et al. (US 6,368,595) in view of Zhang et al. (US 2003/0077377).

Applicant asserts that neither Edens or Zhang discloses the use of RapiThix ingredient.

The relevance of this assertion is unclear. Clearly neither the Edens nor Zhang patents claim RapiThix in their claims but their claims meet all of the limitations claimed by applicants when combined, therefore the rejection from the previous office action still stands.

Conclusion

No claims are allowed at this time.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
